ORO VALLEY, ARIZONA 85737

PLANT LIST

Prepared by
Cañada Hills Design Review Committee

September 16, 2003

CAÑADA HILLS COMMUNITY ASSOCIATION

PLANT LIST

The Design Review Committee has reviewed the existing Plant List that has been used for a number of years. This list was compared to the lists of suggested plants, which are used by the Town of Oro Valley and by Pima County. Based on the Committee's review, a number of revisions were made to the CHCA List to incorporate the use of low water use/drought tolerant plants suitable for use in Cañada Hills.

The plants on the CHCA list can be grown in our area with moderate to no supplemental irrigation once established. For good appearance, supplemental irrigation may be applied during the growing season. All the plants can grow with less water than traditional high water use landscape plants, and the list provides a variety to accomplish any landscape design need.

Our Cañada Hills area is virtually all landscaped at this time. It is obvious that there is a great deal of landscaping existing that deviates from the revised List. There will be no attempt to bring existing landscaping into compliance with the plants on the List. This revised list is intended to assist homeowners in selecting appropriate plant material when making changes and/or additions to the existing landscaping. It is expected that all changes or additions will be in compliance if plant selections are made from this List.

There are several tables comprising the List. The first table "TABLE A" lists the plants by type then alphabetically by common name. The second table "TABLE B" lists the plants alphabetically by botanical name. The plants listed in both "TABLE A" and "TABLE B" are the same, just sorted differently. The List addresses the type of plant, common name, botanical name, water needs, seasonal color, hardiness, and whether it is allergenic, toxic, or invasive. The last table lists plants prohibited by the CHCA. Finally there is a listing of plants prohibited by the Town of Oro Valley.

Key to symbols:

WATER USE: (Approximate, depending on soil and climate conditions)

- 1 No supplemental irrigation once established
- 2 Irrigate once a month during the growing season once established
- 3 Irrigate twice a month during the growing season once established
- 4 irrigate once a week during the growing season once established

ALLERGENIC:

- a strong allergenic (all plants in this classification have been moved to the CHCA prohibited list)
- b moderately allergenic
- c weakly allergenic

TOXIC: May be harmful if eaten. Call AZ Poison Control Center at 626-6016

INVASIVE: May spread and intrude into natural and cultivated areas

SEASONAL COLOR: Showy flowers, fall color, or berries

HARDY:

- sh semi-hardy - some dieback in a hard frost
- (t) Tender - severely damaged or killed in a hard frost

CAÑADA HILLS COMMUNITY ASSOCIATION PLANT LIST

TABLE A (SORTED BY PLANT TYPE THEN BY COMMON NAME)

PLANT TYPE	OTHER PLANT TYPE	COMMON NAME	BOTANICAL NAME	WATER USE	ALLERGENIC	TOXIC	INVASIVE	SEASONAL COLOR	HARDY

Zizyphus obtusifolia	Greythorn	Shrub	Tree	1					sh

Note: The data sources for the entries in the above tables are:

1. Cañada Hills Community Association Plant List (This list has been used for the past decade)
2. Oro Valley Approved Plant List Addendum "A-1" and "A2"
3. Low Water Use/Drought Tolerant Plant List Official Regulatory List For: Pima County, City of Tucson, Town of Oro Valley, Town of Marana.

The plants in the following table are known to be strong allergenic and as such are considered unacceptable for Cañada Hills.

BOTANICAL NAME	COMMON NAME	PLANT TYPE
Ambrosia (Franseria) deltoidea	Triangle-leaf Bursage	Shrub
Ambrosia (Franseria) dumosa	White Bursage	Shrub
Atriplex canescens	Four-Wing Saltbush	Shrub
Atriplex hymeneltra	Desert Holly	Shrub
Atriplex lentiformis	Quail Bush	Shrub
Atriplex lentiformis breweri	Brewer Saltbush	Shrub
Atriplex nummularia	Old Man Saltbush	Shrub
Atriplex polycarpa	Desert Saltbush	Shrub
Atriplex semibaccata	Australian Saltbush	Shrub
Buchloe dactyloides	Buffalo grass	Ornamental Grass
Celtis pallida	Spiny or Desert Hackberry	Shrub
Celtis reticulata	Netleaf or Western Hackberry	Tree
Cupressus arizonica	Arizona Cypress	Tree
Cupressus glabra	Smooth Bark Cypress	Tree
Digitaria californica	Arizona cottontop	Ornamental Grass
Erioneuron pulchellus	Fluffgrass	Ornamental Grass
Juniperus deppeana	Alligator Bark Juniper	Tree
Muhlenbergia dumosa	Bush Muhlenbergia, Bamboo Muhly	Ornamental Grass
Muhlenbergia emersleyi	Bullgrass	Ornamental Grass
Muhlenbergia porteri	Bush Muhly	Ornamental Grass
Muhlenbergia rigens	Deer Grass	Ornamental Grass
Muhlenbergia rigida	Nashville TM	Ornamental Grass
Oryzopsis hymenoides	Indian ricegrass	Ornamental Grass
Pappophorum mucronulatum	Pappusgrass	Ornamental Grass
Sporobolus airoides	Alkali Sacaton	Ornamental Grass
Sporobolus contractus	Spike dropseed	Ornamental Grass
Sporobolus wrightii	Sacaton	Ornamental Grass
Trucklers crinita	Two-feather Trichloris	Ornamental Grass

CAÑADA HILLS COMMUNITY ASSOCIATION PLANT LIST

ORO VALLEY PROHIBITED PLANT LIST

1. Any species of tree or shrub whose mature height may reasonably be expected to exceed 25 feet, with the exception of those indigenous plants, which may naturally exceed 25 feet.
2. **Olive trees (*Olea europaea*)**, will be prohibited for reasons of their profuse production of allergy-producing pollen. However, the "Swan Hill Olive" and the "Wilson Hill Olive" varieties may be used due to its non-flowering non-pollen producing status.
3. **Fountain Grass (*Pennisetum setaceum*)** will be prohibited as a defined weed with the potential to spread throughout the Town and become a fire hazard.
4. **Common Bermuda Grass (*Cynodon dactylon*)** will be prohibited as a defined weed and for its profuse production of allergy-producing pollen.
5. **Mexican Palo Verde (*Parkinsonia aculeata*)** will be prohibited as harbinger of pests and for its ability to spread throughout the Town thereby altering the present natural desert.
6. **Mulberry Trees (*Morus*)** will be prohibited as noxious pollen producers.
7. **Desert Broom (*Baccharis sarothroides*)** will be prohibited as a defined weed with the potential to spread throughout the Town .
